

**Alternative Education for Disruptive Youth  
(AEDY)  
District/AEDY Program Complaint Form**

Dear (Complainant):

Thank you for contacting the Chambersburg Area School District (LEA) and providing us with the opportunity to assist you in this matter. The following is a process designed to address complaints and concerns regarding any aspect of Alternative Education for Disruptive Youth (AEDY) programs, including placement and exiting decisions, the quality of academic instruction, the provision or omission of language assistance services, and services to students with disabilities to include reasonable modifications. This process is referred to as the “AEDY Complaint Process” throughout this document.

Individuals having complaints and concerns regarding AEDY are required to seek resolution via the relevant School District rather than elevating concerns to the Pennsylvania Department of Education (PDE) in the first instance. The filing of a complaint via the AEDY Complaint Process does not limit any other rights or remedies under federal and state law. This means, for example, that a parent may still file a separate due process complaint concerning his or her child’s Individualized Education Program (“IEP”) as provided pursuant to the Individuals with Disabilities Education Act (“IDEA”).

School districts will ensure that parents and students who are limited in (or have no) English proficiency (known as Limited English Proficiency or “LEP”) are provided translation and interpretation services to participate in the AEDY Complaint Process. If you need translation and interpretation services to access this document or the AEDY Complaint Process, please contact Rebecca Petersheim, Supervisor of Transitional Services at 717-709-2323.

Failure to provide all of the information in the AEDY Complaint Form will not result in the complaint being dismissed. The District will work with complainants to ensure that the requested information is as complete as possible.

The District Representative in charge of this process shall be impartial, and the School District will ensure that the District Representative handling the investigation is not the subject of the complaint. The District Representative in charge of this process may interview any individual who is said to have knowledge of the allegations. As part of the investigation, the District Representative may require the AEDY Program and/or School District to respond to the allegations and may contact the complainant. The District Representative may consider any relevant evidence as part of the investigation and outcome.

If the District Representative concludes an investigation and makes a finding of compliance, the District Representative will notify the complainant and the School District and take no further action. If the complainant is not satisfied with the decision, the District Representative may provide the State AEDY Complaint Process information to the complainant. If the District Representative concludes an investigation and makes a finding of non-compliance, the District Representative will notify the complainant, the School District as applicable, and direct corrective action to address the noncompliance.

The District Representative will make a good faith effort to perform the actions outlined above in accordance with the following timeline: (1) investigate within 30 days of a determination that an investigation is appropriate, and (2) determine compliance or noncompliance within 30 days of the conclusion of an investigation. Depending upon the nature of the allegations and the investigation, the District Representative may take additional time for these steps and will notify the complainant if additional time is needed. Regardless of the aforementioned timelines, the District Representative will expedite its investigation and corrective action for allegations involving the health, safety and welfare of students or for other good cause shown.

The District Representative will review the actions taken to address any noncompliance. If the District Representative determines that the School District addressed the noncompliance, the matter will be closed. If the District Representative determines that the School District failed to address the noncompliance, the District Representative will report to a School District Administrator for appropriate enforcement action.

Subject to the availability of AEDY Program and LEA resources and the number and nature of complaints received on any given date, the District Representative will acknowledge receipt of complaints. To determine the status of a complaint, please feel free to contact **Rebecca**
