

CHAMBERSBURG AREA SCHOOL DISTRICT

Federal Programs

Our district receives Federal funding to support CASD students and their families. These funds are categorized as Title I, Title II, Title III, and Title IV. See below for more information on each of these categories!

Title I

These funds go to our 15 Title I buildings to improve educational opportunities for all students. It also includes Parent and Family Engagement funding for each building and the district to support learning at home.

Title II

These funds can be used to reduce class sizes in our highest need buildings. Additionally, they are used to provide high-quality, personalized professional development for teachers, district instructional leadership teams, principals, or other school leaders.

Title III

These funds are used to ensure that EL students develop English proficiency and meet the same academic content and achievement standards that all children are expected to meet. We use these funds to enhance the language instruction educational programs designed to help students achieve these standards.

Title IV

All expenditures in this funding stream must link to one of the following categories:

- well-rounded educational opportunities
- safe and healthy students
- the effective use of technology
