My Content

This new feature allows you to collect, organize, share and retrieve your favorite Discovery Education unitedstreaming media resources, assignments, quizzes and writing prompts in one convenient place. Located in the navigation bar at the top of the screen, "My Content" is accessible from anywhere on the site.

You now have the ability to add unitedstreaming content to folders you create in My Content, by using the "Add to" drop down menu on any media resource page. You can create sub-folders within main folders to create hierarchies within content, grade levels or courses. You can also choose to share folder contents with your school and your district.

Adding resources to My Content does not initiate a playing or downloading procedure. The purpose of My Content is to bookmark the resource to avoid searching for it again. All files and projects are stored on the unitedstreaming servers.

Integration Idea:
Develop collaborative, interdisciplinary media projects with your colleagues by sharing your assignments in My Content.
