STATEMENT: CASD ATHLETICS AND CHAMBERSBURG YOUTH FOOTBALL

02/22/18

Over the course of the past few months, the Chambersburg Area School District Athletic Department has been evaluating all aspects of the Trojan Football program to determine what changes are needed to ensure future success of our student-athletes both on and off the competition field. One major aspect of that evaluation process has revolved around CASD Football's relationship with the youth football programs in Chambersburg.

We strongly believe that a positive working relationship with **ALL** youth football programs in Chambersburg is essential to the future success of the sport in our community. Over the past few weeks, leadership from each youth football organization have met with CASD's Director of Athletics, Assistant Director of Athletics, and Head Varsity Football Coach to discuss that very relationship. All four organizations have expressed their desire to work closely with the CASD athletics department to promote football within Chambersburg.

We believe that the only way for this relationship to be successful is for all parties to share one common vision, and at this point we are still exploring how that relationship will look. In the next few weeks, members of the CASD Athletic Department will meet with the boards of each youth organization to share that vision. Once a plan is in place, we will host an informational meeting for all those interested in football in Chambersburg.

If you have any questions, I strongly encourage you to contact the leadership of your local youth football board or reach out directly to us here in the athletics office. We look forward to your support in this endeavor!

Sincerely,

Jeremy Flores

Director of Athletics
