2008-2009 ANNUAL REPORT

Our Most **VALUABLE** Investment

MESSAGE FROM STANLEY HELMAN, PRESIDENT, SCHOOL BOARD OF DIRECTORS

AS THE BOARD PRESIDENT of the Chambersburg Area School District, I am proud to present this annual report to our community. Communicating the successes, individual and collective achievements, growth, and challenges of our students and schools is an obligation our district is committed to fulfilling.

We know these are tough times. The economic challenges facing our community and schools must be carefully weighed against the moral obligation we have to provide a quality education for our children.

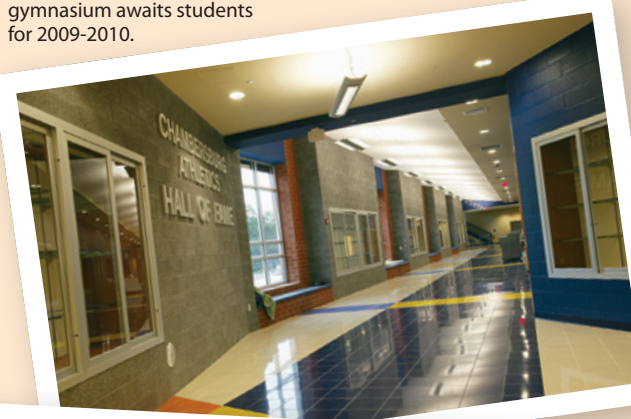

We must be wise with our limited resources because we are facing some extremely difficult decisions unlike any I have seen during my long tenure on this board. However, we as a board are unified in our belief that the Chambersburg Area School District will continue to strive towards greatness. Our student achievement measures are improving, and for the first time our district made overall adequate yearly progress on state assessments.

I want to thank all of the employees, parents, volunteers, business leaders, and community members who support the education of our children. They are our most valuable investment, and now more than ever we must protect the quality of our schools for the future stability of our community.

Stanley Helman, School Board President

The new Chambersburg Area Senior High School gymnasium awaits students for 2009-2010.

THE SCHOOL BOARD of Directors of the Chambersburg Area School District is responsible for setting policies and procedures that govern how the district operates. As advocates for public education, they are elected to four-year terms and represent particular regions within the district. Their terms of service are unpaid.

School board meetings are held at 7:00 p.m. on the second and fourth Wednesdays of the month in the district administration building at 435 Stanley Avenue unless otherwise announced. The public is invited to attend these meetings and to comment during designated times.

Leaders in education

CASD Mission Statement

The Chambersburg Area School District will partner with families and the community to prepare all students for success as responsible citizens and lifelong learners.

CASD Belief Statements

Students, families, schools, and the community **share responsibility and accountability** for learning.

Every student deserves a **well-rounded education** with **high academic standards**.

Every student can be **successful**.

Every student learns **differently**.

Learning takes place best in a **positive and safe environment**.

Meaningful instruction has a real-world application.

Learning is lifelong.

CASD district profile

THE CHAMBERSBURG AREA SCHOOL DISTRICT covers 250 square miles in Franklin County, Pennsylvania, near the center of the Cumberland Valley. More than 61,000 people live in the district, which is composed of the Borough of Chambersburg, Greene, Hamilton, Letterkenny, and Lurgan townships, and most of Guilford Township.

The school district's enrollment stands at more than 8,700 students, making it the 22nd largest of Pennsylvania's 501 school districts. CASD also ranks 37th out of 501 in geographic size.

Budget Facts

- Budget expenditures for 2009-2010 are 2.41% over last year's budget, calling for the local real estate tax rate to rise from 80.98 mills to 84.948 mills, or about \$41 for every \$100,000 of assessed market value.
- The district was eligible to apply for exceptions from the state to raise the real estate tax rate by more than the Act 1 index of 4.9% for special education and construction but opted not to increase taxes above the index.
- 16,731 property owners qualified for a homestead or farmstead exclusion and saw an estimated reduction of \$590 in their tax bills on July 1, 2009.
- 1,329 property owners received no real estate tax bill due to property tax reduction measures.

CASD Continues to IMPROVE

NO CHILD LEFT BEHIND gives all schools the opportunity to examine the learning progress of every child in reading and math. Students are also tested on writing and science proficiency. Districts, schools, and subgroups of students must achieve 56% proficiency on the math assessment and 63% on the reading assessment. To make Adequate Yearly Progress (AYP), all groups must meet the target or show improvement each year. This measurement gives us a way to make sure every child is successful, not just the overall school. By 2014, *No Child Left Behind* raises the target to 100% proficiency for every student.

- CASD made **Adequate Yearly Progress (AYP)** for the 2008-2009 school year.
- AYP includes **participation** and **performance** results on math and reading tests.
- CASD must meet 268 targets to meet AYP; **we met 262 or 98%!**
- We met **95%** of all performance targets district-wide.
- **Every elementary school** met AYP including Scotland, Hamilton Heights, and Stevens.

As part of National Stand Up to Bullying Day, students throughout the district wore pink clothing on February 27 to represent their stand against bullying and to support the idea of treating everyone with respect.

Keeping Students **SAFE**

A NEW EMERGENCY preparedness manual was distributed to each school this year to ensure consistency across the district for responding to emergency incidents. The transportation emergency response plan was also restructured and will be put into effect in 2009-2010.

CASD Director of Security Brett Hill, along with members of probation and parole and the state police, participated in numerous talks in our schools this year, delivering a clear message about

disruptive behavior, the consequences of bad decisions, and the rewards of good decisions.

District staff developed a bullying awareness presentation that was shared in each elementary school, and bullying boxes were placed in the schools for students to submit confidential information about bullying they observe. We will also be putting a cyber-based bullying reporting system into the secondary schools in 2009-2010.

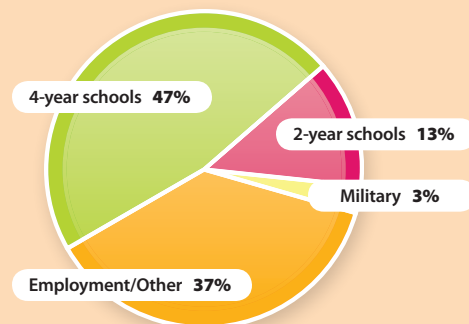

Fayetteville Elementary School was the scene of a countywide emergency drill in January, as a dozen area fire and ambulance companies and state police converged on the building. Though schools were closed for professional development, Fayetteville's teachers and staff were on hand to work through their building's emergency plan. The two-hour exercise helped the school district and county emergency services improve their emergency procedures.

ESL teacher Cynthia Poe is one of 19 ESL teachers and 6 classroom assistants who work with students to help them achieve proficiency in English speaking, reading, and writing.

ESL Program INITIATIVES

PRIOR TO THE START of the 2008-2009 school year, CASD hired Sarah Herbert as our K-12 English as a Second Language supervisor. Sarah oversees instruction for the more than 370 students in the district who are considered English language learners.

Recent ESL program initiatives:

- P.O.W.E.R. Hour parent workshops were offered throughout the year to better acquaint parents of ESL students with our district and community.
- Teacher trainings pertaining to ESL strategies for the classroom were held in half a dozen school buildings.

did you **know?**

Spanish is the principal language of 91% of English language learners in our schools. The other 9% speak a diversity of languages, including Creole, Italian, Chinese, Russian, Urdu, Greek, Bosnian, Gujarti, Thai, Japanese, French, Indonesian, and Vietnamese.

Growing **GREENER**

CASD CONTINUES TO REDUCE energy consumption with the help of our energy manager, Connie Kelley. We've made excellent progress conserving energy in our buildings, saving more than \$600,000 in electricity, gas, and oil costs since September 2007.

This year we streamlined our recycling efforts to make it easier to recycle cardboard, office paper, paperback and hardback books, glass jars and bottles, plastic food and beverage containers, aluminum/steel cans, newspapers, and magazines. Printer cartridges, cell phones, and certain kinds of light bulbs and batteries are also recycled.

The school district's energy savings since September 2007 are equivalent to 672 cars being taken off the roads for a year or 95,801 tree seedlings being grown for 10 years.

The school district's website continues to be a hub of information, receiving an average of 1.4 million visits each month. The website provides students, parents, alumni, district employees, and community members with valuable resources, including:

NEWS FLASH: The latest news from throughout the district.

PHOTO GALLERY: Photos from district schools and activities.

DISTRICT CALENDAR: Events organized by date and type.

STAFF DIRECTORIES: Contact information for administrators, faculty, and staff.

SCHOOL PAGES: Web pages for your neighborhood schools.

HOMELOGIC: Parent access to grades and attendance.

COMMUNICATIONS: District publications and eNewsletters.

HUMAN RESOURCES: Job postings and application information.

FOOD SERVICES: Menus and an online payment system for your child's meals.

Our website has hundreds of teacher web pages for students and their families to explore. These pages are filled with calendars and schedules, wikis and blogs, course syllabi, contact forms, homework assignments, lesson previews, guest books, message boards, class rules, extra credit assignments, honor rolls, notes and handouts, vocabulary words, and opinion polls!

COMMUNICATION is Key

eNEWSLETTER

Be one of the thousands of Chambersburg area residents to have eCASD Community News delivered to your inbox twice a month. This electronic publication serves up the latest student activities and accomplishments, school board business, and district happenings. Visit www.chambersburg.k12.pa.us/communications and click on the eNews icon to subscribe.

HOMELOGIC

HomeLogic is an easy-to-use tool that allows parents and students to view grades, schedules, attendance, and assignments online. With this component of our student information system, parents can monitor their children's progress in all subject areas without waiting for report cards. Visit www.chambersburg.k12.pa.us/homelogic to register or learn more.

INSTANT NOTIFICATION SYSTEM

A new instant notification system allows the district to relay information to parents by way of an automated telephone message. The system can be used for emergencies, unexpected school closings, or other major events.

ATHLETIC ACHIEVEMENT

The Mid-Penn Conference, which includes the CASD, is made up of 31 teams divided into divisions based on school size. **In 2008-2009, Chambersburg won MPC championships for girls' tennis, girls' volleyball, softball, boys' track and field, and girls' track and field and a District III championship for baseball.**

FRANKLIN COUNTY CAREER AND TECHNOLOGY CENTER

Designs have largely been finished for a \$22 million two-story wing at FCCTC that will serve as a comprehensive academic center for CASD students. The 98,000-square-foot addition will contain four labs: hospitality (hotel/hospital/nursing home services), indoor and outdoor maintenance, building trades, and food service. There will also be a full-time daycare facility that doubles as a student lab.

The new CASD academic center will coincide with additions to FCCTC set to begin in the spring of 2010 that will add 51,000 square feet to the Loop Road facility.

A Foundation grant funded an artist-in-residency program at New Franklin Elementary with artist and folk musician Tom Jolin. Jolin helped students write their own music and build their own instruments.

FOUNDATION FUNDS LEARNING

Since its establishment in 1990, the CASD Foundation has awarded more than \$350,000 in teacher grants and student scholarships from its \$1 million endowment. The Foundation board includes three school board directors and nine district residents and businesspeople.

In 2008-2009, the Foundation reviewed 49 grant applications and awarded \$40,500 to fund 25 projects. It also handed out 37 scholarships to high school seniors in May totaling \$28,600.

For more information about how you can contribute to the Foundation's mission of enhancing and expanding our students' educational opportunities, visit www.chambersburg.k12.pa.us/foundation.

This environmental growth chamber at CASHS was purchased through a Foundation grant to provide hands-on experience for agriculture students.

district news

SCHOOL DAY CHANGE IS COMING

New start and end times for the district's school day will take effect at the beginning of the 2009-2010 academic year.

Under the new schedule, the secondary day will run from 8:00 a.m. to 2:45 p.m., and the elementary day will run from 9:00 a.m. to 3:45 p.m.

This change will add 15 minutes to the elementary day, translating into valuable instructional time. The new schedule will also allow for greater transportation flexibility for the district's bus routes and for greater professional development opportunities for district personnel.

FULL-DAY KINDERGARTEN

Beginning in 2009-2010, all kindergarten classes in the school district will be full day.

A full-day schedule alleviates the pressure of packing academics into a half day to meet state mandates and allows for a greater variety of activities, including art, music, library, and gym.

HOW CAN I HAVE A VOICE IN THE CASD?

The Parent Advisory Council is an advocacy group of parents and community members that provides a regular forum for discussion of issues and policies that impact public education. Meetings are held the second Monday of each month at 7:00 p.m. in the CASD administration building board room, 435 Stanley Avenue. **To learn more, visit www.chambersburg.k12.pa.us/pac.**

HOW CAN I VOLUNTEER IN THE CASD?

From classroom aides to guest readers, there are a number of opportunities to volunteer in our schools.

For more information about how to get involved, contact Assistant Superintendent Catherine Dusman at 261-3419 or dusmacat@chambersburg.k12.pa.us or Assistant Superintendent Eric Michael at 261-3426 or michaeri@chambersburg.k12.pa.us.

BUILDING BLOCKS of Education

A \$73.8 MILLION construction and renovation of the Chambersburg Area Senior High School that began in April 2008 is progressing steadily, with the new 2,400-seat gymnasium slated for completion this summer. Work is continuing on a new three-story classroom wing and music addition behind the school, and crews have begun renovations to the administrative wing.

BENJAMIN CHAMBERS ELEMENTARY

The new Benjamin Chambers Elementary School opened its doors on December 3, welcoming students from King Street, U.L. Gordy, and Mary B. Sharpe. The 95,000-square-foot building is located on North Franklin Street on the site of the former Gordy.

Ben Chambers kindergarteners sing "This Land Is Your Land" at a dedication ceremony for the school in March.

Notes of EXCELLENCE

EACH YEAR, STUDENTS audition for the chance to sing or play an instrument at festivals sponsored by the Pennsylvania Music Educators Association. This year the following Chambersburg Area Senior High School students beat out fellow student musicians in 15 counties to perform at regional festivals:

Band: Alex Grisos (trumpet), Andrew Stadler (trumpet), Kristen Stoler (trumpet), Ashley Wyrick (clarinet)

Chorus: Christa Sipes

Congratulations to Alex Grisos, Andrew Stadler, and Ashley Wyrick, who advanced beyond regional band to play at All-State Band. Alex also moved on to All-Eastern Band, performing in Rhode Island in March with the best high school instrumentalists from 11 different states in the Northeast.

Members of the Chambersburg Area Senior High School marching band rehearse at Trojan Stadium during their 2008 summer band camp.
