## WORD FROM THE SUPERINTENDENT

If you haven't had a chance to attend one of my forums, I hope you'll be able to attend one of the three remaining sessions. These informal meetings have given me a chance to talk with staff about the issues that are currently facing us, and more importantly, to answer your questions.

When I am out in the buildings, I am constantly approached by employees with good ideas, concerns, frustrations, and questions. Many of you have already gotten to know me well enough to know that I say what I think. These forums are really a way for me to have these important, and hopefully enjoyable conversations with more of you. I have some information to give you about what we're thinking and planning on a number of important initiatives including latchkey, all-day kindergarten, administrative restructuring, new plans for professional development, Act 1, and accountability. But the main item on the agenda is for me to listen to what concerns you. I've been asked several questions that I don't have the answers to, and I welcome those questions because they are usually the ones that teach me something as well. So come to CAMS on Wednesday May 16th, Scotland on Monday May 21st or Hamilton Heights on Wednesday May 23rd!

"Many of you have already gotten to know me well enough to know that I say what I think."  
—Joe

As you know, the primary elections are today. Act 1 is on the ballot and I hope you've had the opportunity to learn about this legislation. There is valuable information on our district website on the Business office page under Administration. My monthly column in the Public Opinion this week was also about Act 1 and some of the ways it will impact our district in the coming years. The bottom line on Act 1 is that it

will not allow our school board to raise taxes above a certain level without voter approval to do so. We are fortunately to be in a very good financial position due to prudent and strategic planning now and in the past. Even though we are currently embarking on several large building projects, we do not anticipate having to raise taxes above the allowable limit in the near future.

I hope you are aware of our recent switch to a new healthcare provider. As I stated in my memo to you last week, this switch from Highmark to Capital BlueCross is being made to save the district, our employees and retirees money in healthcare expenditures, and the savings we gain will allow us to remain proactive about the rising costs of healthcare in the future. I encourage all of you to become involved and informed about these changes!

*"If one cannot state a matter clearly enough so that even an intelligent twelve-year-old can understand it, one should remain within the walls of the university and laboratory until one gets a better grasp of one's subject matter"*

## LATCHKEY FOR HAMILTON HEIGHTS

The Chambersburg YMCA presented a proposal to the School Board to expand the YMCA's before and after school program into one of our elementary schools. Hamilton Heights will become the pilot site for this program and parents of 1st — 5th graders will be able to bring their children to the school starting at 6:00 a.m. until 6:00 p.m. The cost to parents will be based on a daily rate depending on when the child attends the program. Stay tuned for more information about this exciting new program for our district.

## Pre-K Program Presented to the Board

Dr. Paul Sick, Regional Principal, presented the Pre-K Counts program to the Board. This program will be funded by a State grant, and if we receive this grant the money will be used to contract with Franklin County Head Start to run a school program for 3 and 4 year-olds at Hamilton Heights. The students that have the greatest need for academic enrichment will be targeted for this program, and unlike Head Start family income will not be a factor in selecting the children for this program. As Dr. Sick outlined in his presentation, early intervention is the key to improving student achievement and future academic success.

## THANK YOU SPECIAL OLYMPICS VOLUNTEERS!

In honor of National Volunteer Week, the Special Olympics Pennsylvania wishes to recognize the following CASD employees that have volunteered hundreds of hours over the years to assist with the Special Olympics here in Franklin County:

## Susan Berrier Honored

Susan Berrier, Lurgan Librarian, was honored at the School Board meeting for her achievement of being named Library Student of the Year by Mansfield University's School of Library and Information Technology. Susan was selected as the top student in the graduate program at Mansfield and she was recently awarded this special honor at the PA School Librarians' Association Conference in Hershey PA.

**Congratulations Susan!**

## HEALTHCARE UPDATE

**Rick Vensel, Bill Hodge and Sonnie Bender met with representatives from Capital BlueCross this week to begin the implementation process for our new healthcare plan. Here is some updated information:**

***Our prescription plan is transferring from Medco to Express Scripts.*** Many people have expressed concern about this switch and how unfilled prescriptions and refills will be handled. Good news! This process will occur automatically when Highmark sends all of our information to Capital. You will not need to get new prescriptions or complete any paperwork. The only drugs that will not be transferred automatically are narcotics, and for these prescriptions you will have to get a new prescription from your doctor.

***Deductible payments will transfer from Highmark to Capital.*** If you are covered under the tra-

ditional (non-PPO) plan and have paid part of your deductible, you will be credited on June 30th as paying 1/2 your deductible regardless of the amount you have paid. If you paid more than 1/2, you will need to contact Capital and update them on how much more your credit should be.

You will receive complete instructions on how to do this.

***Capital will be available weekly to answer any questions.*** Starting in July, a

Capital representative will be here every week to offer personal assistance for all employees.

**MAY 24th — ADMIN Building, 3:30 Capital will be here to answer questions and give a brief presentation on our healthcare plan**
