

The Pennsylvania Department of Health asks that only individuals in the following groups attend the H1N1 vaccine clinics:

- Individuals between the ages of six months and 24 years.
- Household contacts and caregivers for children younger than six months.
- Pregnant women.
- Healthcare providers and emergency medical services personnel.
- Individuals under 65 years of age with underlying health conditions, including asthma, diabetes, suppressed immune systems, heart disease, kidney disease, and neurocognitive and neuromuscular disorders.
