Israel Trip Planned for Summer 2011

Superintendent Joseph Padasak and the Rev. Dr. William Harter, along with CASHS teacher Ian Jacobs, will be leading a summer seminar in Israel from July 24 to August 7, 2011. Dr. Harter is a specialist on the region, and this advanced seminar is designed for teachers, administrators, counselors, social workers, and other educational professionals to learn about cultural and educational practices in Israel.

Families, youth, and other community members are also welcome to participate in this travel experience. There will be special components designed for youth and the young at heart.

Dr. Padasak has arranged for Wilkes University to sponsor the trip as a Special Topics in Education graduate course and provide three credits for each interested participant. Educators will have the opportunity to enjoy a special vacation while earning graduate and Act 48 credits.

The 15-day trip will include white water rafting on the Jordan River, a climb of Masada, a walk-through of Hezekiah's Tunnel, and the opportunity to spend a day at a working archeological site. Stops include Jerusalem, Nazareth, Capernaum, Mt. Carmel, the Golan Heights, Jericho, and other destinations.

For more information, visit http://www.avivtours.com/110724_Cover.html, call Dr. Harter at 264-3828, or call Dr. Padasak at 261-3300.
