Educational Leaders to Offer Israel Trip

Dr. Padasak and the Rev. Dr. William Harter, along with CASHS teacher Ian Jacobs, will be leading a summer seminar in Israel from July 24 to August 6, 2010. Dr. Harter is an expert on the region, and this advanced seminar is designed for teachers, administrators, counselors, social workers, and other educational professionals to learn about culture and educational practices in Israel. Families and other community members are welcome to participate in this exciting travel experience.

Dr. Padasak has arranged for Wilkes University to sponsor the trip as a Special Topics in Education graduate course and provide three credits for each interested participant. Educators will have the opportunity to enjoy a special vacation while earning graduate and Act 48 credits.

The 14-day trip will include white water rafting on the Jordan River, an early-morning climb of Masada, a walk-through of Hezekiah's Tunnel, and the opportunity to spend a day at a working archeological site. Stops include Jerusalem, Nazareth, Capernaum, Mt. Carmel, Jericho, and other destinations.
