an inescapable network of mutuality, tied in a single garment of destiny. Whatever affects one directly, affects all
We are all partners in public education and, as such, each have a vested interest in providing an education of superior value for our students. We would like to invite all community members of the Chambersburg Area School District to join the representatives of the Parent’s Advisory Council to affect positive change in our schools.

It is our hope that together we can advise, collaborate, and propose solutions that will benefit our schools, our students, and, our community.

We hope that you will join us in this effort.

Local PTA and PTO leaders, serving as advocates for families and students of public education, established the Parent Advisory Council of the Chambersburg Area School District in the 1970’s. This original organization was active through 1996 promoting family involvement and support of local schools.

Reactivated and reorganized in 2002, the council is now comprised of PTA and PTO representatives that advocate for over 8,000 students from our District’s public schools. We believe that public schools must have public support in order to excel and succeed.

Successful Schools

While the members of the council are representatives of their respective parent organizations, there are many ways that you can contribute to our organization.

Our meetings are open to the public and provide a regular forum for the exchange of information and ideas on issues and policies that impact public education.

Working closely with administrators, educators, and local leadership, your involvement can only strengthen our position of partnership and advocacy and will ensure that we have an educa-

Thriving Communities

The best public schools ensure a prosperous and thriving community. We work to bring the voice of the community to discussions and decisions surrounding public education.

In order to be knowledgeable as well as pro-active, our meetings are informative and productive. We regularly invite guest speakers and gather resources that will help us understand the complex issues that are impacting public education today.
