

Andrew Buchanan Elementary School

Snack Guidelines

As a school community, we would like to minimize the risk to our students with allergies and maximize the health of ALL of our students at Andrew Buchanan Elementary School.

Holidays, birthdays and other special occasions:

- Non-food items are acceptable. These could be pencils, erasers, crayons and small goodie bags.
- Items or goody bags will be distributed at the end of the day to be taken home.
- Food items may only be ordered through the cafeteria to be served with lunch, if desired.

Classroom snacks:

- Classroom teachers will decide on whether to have snacks during the school day.
- Currently, 4th-5th graders are allowed to bring their own personal healthy snack. This snack might be needed because our 4th-5th grade students eat at a later time. These snacks may not be shared.
 - Healthy snacks include: fruits, vegetable, granola bars
- Snacks need to be consumed independently and without the help of an adult.
- Water bottles are allowed K-5. No glass bottles allowed.
