ELECTRONIC STUDENT RECORD FORMAT OPT-OUT

The Chambersburg Area School District is updating its methods of providing information to parents and guardians in a way that increases the convenience of parents, guardians and students while also minimizing District costs and considering the environmental benefits of a paperless system. Therefore, we are providing a method for parents to receive student records and information from the District in secure electronic format rather than traditional paper format. Documents and information affected by this might include but not necessarily be limited to, the following documents:

- Student Report Cards
- Progress Reports
- Homeroom Assignments
- Letters (attendance, discipline, etc.)
- Immunization reports

In receiving information in an electronic format, it is understood that the School District cannot control your Internet connection or system, and that you are responsible to ensure that you are able to receive information electronically, that you will check for notifications using the Internet and that you are accepting electronic receipt of information as full and acceptable service instead of paper format.

If you do not wish to participate in this program, and prefer to receive all documents and information in paper format, as you have in the past, please complete the form below. If you do not complete and return this form, information will be provided electronically as set forth above. Time-sensitive and important notices may be sent out by certified mail and/or other means in addition to or instead of electronic means where circumstances require.

I do not wish to receive information electronically. I wish to continue to receive documents and information in paper format.

This form must be completed and submitted to your child's school.
